By Alan Monnox

Pearson Education, 2005. Softcover. Book Condition: Neu. Gebraucht - Sehr gut Unbenutzt. Schnelle Lieferung, Kartonverpackung. Abzugsfähige Rechnung. Bei Mehrfachbestellung werden die Versandkosten anteilig erstattet. - Praise for Rapid J2EE Development "The author provides a good survey of the technologies and approaches for rapid development in the J2EE arena. He touches on all areas that should be of interest to a reader, from design through testing. He illustrates the different phases of rapid development by going into several technologies in depth, and he also lists or otherwise mentions other available technologies. I would recommend this book to anyone looking to get started with developing J2EE applications." 395 pp. Englisch.

Reviews

This publication is amazing. This can be for all who statte that there had not been a worth reading through. I realized this publication from my i and dad encouraged this ebook to find out.
-- Desmond Schuster II

It in one of the most popular publication. We have read through and that i am sure that i will likely to study again once more later on. I am just delighted to tell you that this is actually the finest publication we have read through in my individual existence and might be he best pdf for actually.
